To All Local 164 Pension Participants:

The Local Union has determined a current lack of full employment and therefore the Pension Plan Rules for suspension of pension benefits will apply commencing December 1, 2022 and continuing until further notice. Please refer to the Pension Plan, Section 6.07. If you are currently working as an electrician for an electrical contractor while collecting a pension please immediately advise the Fund office. For any month in which you continue to work as an electrician for an electrical contractor your pension benefits will be suspended. On and after December 1, 2022, any pension benefits paid while working in violation of the suspension of benefit rules will be subject to recovery through deductions from future pension payments in accordance with the Plan Rules.
