Gaming Expansion Benefits for OUR State

Jersey City Town Hall Meeting
6:00 PM Wednesday 09/28/16

PLEASE COME OUT AND SHOW YOUR SUPPORT

Wear your Union Colors! Please make every effort to attend the Jersey City Town Hall meeting!! We need to show up in force to support the North Jersey Casinos!! The North Jersey Casinos will create millions of dollars in revenue and more importantly increase jobs! It's OUR TURN!

Casino Revenue Funds Vital Programs

By voting YES and supporting gaming expansion in Northern New Jersey, hundreds of millions of dollars per year can be generated for critical programs to preserve the quality of life for seniors and those with disabilities across the state.

The Casino Revenue Fund (CRF) has a constitutional mission of allocating funds generated from gaming revenue for reduced property taxes, rentals, telephone, gas, electric, and municipal utilities charges, additional or expanded health services or benefits and transportation services for eligible senior citizens and disabled residents of the state. The decline in Atlantic City gaming revenue jeopardizes the mission of the CRF and the vital services it provides to some of the most vulnerable populations in the state.
